1. DRILLING MACHINES	Type	€
Horizontal One-Sided Drilling Machine depth 750 mm, max Ø 100 mm, cooling system, single speed 1400 rpm	VTS 01 START	2 960,-
Vertical Double-Sided Drilling Machine depth 600 mm, max Ø 100 mm, cooling system, speed control 550 - 3900 rpm	VTS 02 F	7 260,-
Vertical Double-Sided Drilling Machine depth 750 mm, max Ø 100 mm, cooling system, variable speed control 550 - 3900 rpm, motorized vertical adjustment	VTS 03 FP	10 970,-
Vertical Double-Sided Drilling Machine depth 900 mm, max Ø 100 mm, cooling system, variable speed control 550 - 3900 rpm, motorized vertical adjustment	VTS 03 SCOUT	13 940,-
Vertical Double-Sided Drilling Machine <b>engine linear, glass thickness up to 30 mm, comfortable drill stop adjustment</b> depth 1 150 mm, max Ø 100 mm, cooling system, variable speed control 550 - 3900 rpm, motorized vertical adjustment, laser, storage box, additional lower base	VTS 04 L - BOXER	16 580,-
Vertical Double-Sided Drilling Machine <b>engine linear, glass thickness up to 30 mm, comfortable drill stop adjustment</b> depth 1 150 mm, max Ø 100 mm, cooling system, variable speed control 550 - 3900 rpm, motorized vertical adjustment, laser, storage box, additional lower base	VTS 04 L - BOXER MAXI	18 770,-
CNC Vertical Double-Sided Drilling Machine <b>revolutionary system without glass motion, programmable X/Y axis, motion controlled drilling heads, automated tool correction, glass thickness up to 40 mm, spindle lighting ( LED ring ), laser</b> , depth 1300(1500) mm, max Ø 100 mm, cooling system, variable speed 550-3900 rpm	VTS 05 PANTHER	39 710,-
<b>OPTIONS FOR VERTICAL DOUBLE-SIDED DRILLING MACHINES</b>		€
Digital coordinate measuring (x) ( <i>excl. VTS 02 F, VTS 03 FP</i> )		710,-
Digital coordinate measuring (y)		710,-
Pneumatic control of fixture ( <i>excl. VTS 02 F, VTS 03 FP</i> )		1 360,-
Spindle lighting (LED ring) ( <i>excl. VTS 02 F, VTS 03 FP</i> )		290,-
Hinge Cutter ( <i>excl. VTS 02 F, VTS 03 FP</i> )	DC 01	1 890,-
Small sheet 80x80 mm drilling adjustment		270,-
Additional charge for voltage 230 V		260,-
<b>2. VERTICAL EDGING MACHINES</b>	<b>Type</b>	<b>€</b>
Single Spindle Edging Machine cooling system, diamond wheel "C" 6 mm, polishing wheel incl.	BTS 01 START	2 960,-
Double Spindle Edging Machine with Glass Conveyor cooling system, diamond wheel flat & seam 6 mm, polishing wheel and Glass Conveyor 2,6 m incl.	BTS 02 BETA + DS 01	9 980,-
Double Spindle Edging Machine with Glass Conveyor cooling system, diamond wheel flat & seam 6 mm, polishing wheel and Glass Conveyor 2,6 m incl.	BTS 02 BETA MAXI + DS 01	11 190,-
<b>OPTIONS FOR VERTICAL EDGING MACHINES</b>	<b>Type</b>	<b>€</b>
Glass Conveyor 1,6 m ( <i>excl. BTS 01 START</i> )	DS 01 1,6	980,-
Glass Conveyor 2,6 m ( <i>excl. BTS 01 START</i> )	DS 01 2,6	1 355,-
Additional charge for voltage 230 V		260,- / 360,-

3. HORIZONTAL EDGING MACHINES		
	Type	€
Horizontal Edging Machine cooling system, diamond wheel "C" 6 mm and polishing wheel incl.	BBT 01 START	2 960,-
Shape Edging Machine cooling system, diamond wheel flat & seam 6 mm, polishing wheel incl.	BBT 02 N	4 980,-
Shape Edging Machine cooling system, diamond wheel flat & seam 6 mm, polishing wheel incl.	BBT 03 UNI	7 720,-
Flat Grinding Machine cooling system, diamond wheel incl.	BH 35	3 640,-
OPTIONS FOR SHAPE EDGING MACHINES		
	Type	€
Glass conveyor 1,6 m	DS 01	980,-
Circle edging drive	PBK 02	1 040,-
Circle edging drive for small diameters 140 - 500 mm precise diameter setting, automatic glass pressure	PRK 02	1 930,-
Linear trolley for small sheet edging	BMS 01	1 180,-
Linear trolley for narrow pieces with eccentric for double sided edging	BMSe 01	1 480,-
Additional charge for voltage 230 V		260,-
4. BELT EDGING MACHINES		
	Type	€
Belt Edging Machine cooling system, belt incl.	BM 01 ALTO	6 170,-
Flat Belt Edging Machine cooling system, belt incl.	BM 11	2 480,-
OPTIONS FOR BM 01 ALTO		
	Type	€
Side extensions with rollers ( right and left ) 535 x 535 mm		685,-
Trolley for small sheet edging 500 mm		290,-
Trolley for small sheet edging 1000 mm ( with extensions only )		370,-
5. LAMINATED GLASS SAW		
	Type	€
Laminated Glass Saw central unit, side stand 2 m, side stand 1 m, cutting disc Silencio MT1 incl.	PTS 325 PORTA	18 980,-
OPTIONS FOR PTS 325 PORTA		
	Type	€
Side stand 2 m (any combination and prolongation possible)		2 930,-
Side stand 1 m (any combination and prolongation possible)		1 750,-
Angle cutting fixture		970,-
Cutting trace adjustment		280,-
6. CRUSHING MACHINES		
	Type	€
Glass Crushing Machine glass input 420 mm, crushing power 400 kg per hour, <b>adjustable size of glass fragment</b>	DTS 45	2 960,-
7. POLYCARBONATE CUTTERS		
	Type	€
Polycarbonate cutter central unit, side stands right and left, laser, max. cutting height 2 150 mm, polycarbonate thickness 4-25 mm, constant cutting speed 2,6 m/min.	RP 210	6 550,-
Polycarbonate cutter central unit, side stands right and left, laser, max. cutting height 2 150 mm, polycarbonate thickness 4-25 mm, <b>adjustable cutting speed</b>	RP 210 F	6 930,-
